Art Unit: 2616

1. The following is an examiner's statement of reasons for allowance: For claim 16, the prior art of the record fails to disclose computer-readable storage medium comprising content which, when executed by an accessing computing device, causes the device to implement a scalable network interface to identify a processing capability of a remote network device, to select at least one of a plurality of media access controllers (MACs) to use for a communication channel with the remote network device, wherein at least two of the plurality of MACs are capable of transmission at different maximum rates in combination with other limitations recited in claim 16. The machine-readable medium may include floppy diskettes, optical disks, CD-ROMs, and magneto-optical disks, ROMs, RAMs, EPROMs, EEPROMs, magnet or optical cards, flash memory except a carrier wave or other propagation medium. see specification at page 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
